

WREATH MAKING WORKSHOP

Join U.S Fish and Wildlife volunteer and master wreath maker Lee Sliman in making a free holiday wreath using greens from native trees and shrubs like Western red cedar, Douglas Fir, Western hemlock, Sitka Spruce and Salal. Discover what materials make the longest lasting wreaths. Take home a new skill along with a beautiful wreath. All wreath making supplies will be provided. Gloves are recommended.

**Pre-registration is required due to limited space & supplies. Contact Refuge Volunteer Lee Sliman at (503) 812-6392 to register and for more information.*
